

SALT LAKE CITY, UTAH, SUNDAY MORNING, APRIL 8, 1888

MISCELLANEOUS.

LEGAL NOTICE.

In the Probate Court of the County of Salt Lake, Territory of Utah.

In the matter of the estate of Frank Crocker, deceased.

Order to show cause why order of sale of real estate should not be made.

LAURA CROCKER PUTTS, THE AD- ministratrix of the estate of Frank Crocker deceased, having filed her petition heretofore duly verified, praying for an order of sale of some portion of the real estate of said decedent, for the purposes therein set forth, it is therefore ordered by the judge of said court, that all persons interested in the estate of said decedent, appear before the said Probate Court on Thursday, the 12th day of April, 1888, at 10 o'clock in the forenoon of said day, at the courtroom of said Probate Court at the County Court House, in the city and county of Salt Lake, Utah Territory, to show cause why an order should not be granted to the said administratrix, to sell so much of the real estate of the said decedent at private sale as shall be necessary, and that a copy of this order be published at least four successive weeks in THE SALT LAKE HERALD, a newspaper printed and published in said city and county.

Dated March 12th, 1888.

ELIAS A. SMITH, Probate Judge.

TERRITORY OF UTAH, COUNTY OF SALT LAKE, ss.

I, John C. Cutler, Clerk of the Probate Court in and for the County of Salt Lake, in the Territory of Utah, do hereby certify that the foregoing is a full, true and correct copy of the order to show cause why order of sale of real estate should not be made in the matter of the estate of Frank Crocker, deceased, as appears of record in my office.

In witness whereof, I have hereunto set my hand and affixed the seal of said court, this 12th day of March, A. D. 1888.

JOHN C. CUTLER, Probate Clerk.

By H. S. DUNN, Deputy S. W. DAKKE, Attorney for administratrix.

FINANCE AND MINING.

In Business Circles For the Week Just Past.

NEWS FROM MANY MINES.

Ore and Bullion Output—Money Tight—A Chat With Country Merchants—General Outlook.

Business during the week just past, if one is to judge from the statements of merchants, large and small, of wholesalers and retailers, has been very satisfactory. Up till yesterday, they said, the influx of Conference visitors had scarcely been noticed, so far as sales were concerned, but yesterday the presence of our friends from the country was felt in business circles to a marked degree. This will also be the case to-morrow. Conference, however, does not now mean what it did many years ago, so far as our merchants were concerned—the advent of the railroads through the Territory, and the establishing of stores in nearly every village and hamlet, the easy manner in which the city can now be reached by mail or wire, have done away with the necessity of our country friends making large purchases when in the city, and the money now spent in Salt Lake during the Conference season is for luxuries rather than necessities. Yet, by the time our visitors have left us, we do not believe our merchants will have any cause for complaint.

A chat with some of the more prominent country merchants as well as with some of those from the more remote districts leaves no room for doubt but that outside of this city money is very tight, and collections, as a result, slow and unsatisfactory. Many of these, in explaining the causes, adopt the same view as that expressed by the president of the Z. C. M. I. in his last semi-annual report. The failure of the fruit crop in many portions of the Territory last autumn, the inability to properly market a large percentage of the wool clip, and the low price offered and slow demand for cattle, there being comparatively no movement in the latter. To these causes some of them add the fact that numbers of country shippers were badly bitten on their potato deals, nearly every one of them as THE HERALD published at the time, being ready and anxious to send out every potato they had on consignment—each one imagining himself to be the one favored over all the rest. "THE HERALD was right, I do not like to acknowledge the corn, but it is true nevertheless—when it said that taking everything into consideration, scarcely a dollar had been made on the potato crop of last year. It was equally correct when it said that, if our farmers ever expect to realize a fair profit on their products, they must adopt new methods in the raising and marketing of these products. The dullness, lack of ready money now in the exclusively agricultural districts is merely the result of a lack of proper system—an almost total disregard of business rules and regulations. The result of all of which is that inferior products to ours find a higher price and a better market. This is all wrong and we have it in our power to prevent it, if we only will."

The Salt Lake money market is tight and loans can be secured only upon the most approved security, and at 10 and 12 per cent.

Lead has been a little "off" this week and has been making spasmodic efforts to get back to the old firmness. However, it did not succeed and was yesterday quoted at \$4.75 a drop of 35 cents from the report in these columns a week ago.

It will not be long now ere an increased activity will be noticed in mining matters, and if the opinion of those who are in a position to know amounts to anything, a "boom" in this direction may confidently be looked for.

The local stock market is dull, flat, stale and unprofitable. The operators say it will spring into active life and being just as soon as the snow uncovers many of the proper lies.

According to the latest from R. G. Dan & Co., dullness is a feature in business in the east, but dullness with a hopefulness prevails in almost every quarter. The monetary pressure which has almost invariably commenced about this time does not appear and the dangers which were by experienced bankers apprehended, seem to have vanished. There is just now so little anxiety about the money market that little is said of the delay of the bond purchase bill by amendments in the Senate, which may probably defeat it.

The possibility of gold exports does not seem visibly nearer than it seemed weeks ago and considerable purchase in securities on foreign countries are reported. Money at New York has ruled at 2 1/2 per cent, and foreign exchange has declined from \$4.88 to \$4.87 1/2. More pacific advices from Europe render the outlook more satisfactory. But the prevailing dullness is felt everywhere. Many attribute it to the recent storms and unfavorable weather, which doubtless affect some trades materially. Many felt the influence of existing or recent strikes. The railroad difficulty at the west does not abate the disposition of customers to act with great caution, buying only as they are compelled to buy, and this appears in many of the leading branches of trade. It is part of the trait of the exaction that prices may go lower and partly due to the perception that the demand for consumption has slackened and may

diminish still more. The failures of banks or bankers of North Carolina, Mobile and Newberg has caused no disturbance, though it is recognized that many weak spots must always be found after a period of extraordinary speculative activity. Yet, on the aggregate, failures are not more numerous or more important than that of the previous year, which clearly indicates greater soundness in legitimate commerce. The number of failures of speculative origin has decreased. Prices are maintained with remarkable steadiness. For many years it has not happened that the general level of prices has changed as little as it has during the first quarter of 1888.

Hardpan seems to have been reached in the iron business, in the judgment of one of the most successful concerns, for the Thomas company at last announced \$20 as its contract price for the year for the best anthracite. Rates for lake ore are not yet announced, but are expected to be about \$3.25 for No. 1 Bessemer. The complete collapse of the coke pool, with a reduction of price to \$1.10 at the ovens and the lowering of rail rates, give the producers a better chance in western Pennsylvania, but rail rates are also reduced from Alabama, and it is calculated that the price of furnace for the best mill iron averages \$12.65. At Birmingham bar iron is unsettled, and sales of the best refined at \$1.15 are reported with no eastern sales of rails. At western mills \$33.50 is quoted.

The dry goods trade reports fairly satisfactory sales, and the Arlington auction realized fair prices for cotton, but it is reported losses to makers on woolsens. The jobbing trade is irregular, but the storms and unseasonable weather, with difficulties both as to deliveries and collections in western districts, have caused the railroad strikes, are named as causes. The drug trade is in an unfavorable shape, purchases being reduced as far as possible, and similar features appear in the markets for sugar and many other products which may be affected by a change of duties. The wool market, however, though dull, is steady for better grades, while other qualities sell better at concessions.

Reports from various parts of the country show a general feeling of confidence, though a lack of the present activity is commonly noticed, with some closeness in money. Tardiness in collections in the northwest. Rates for money are about 6 per cent at Boston, Philadelphia, Cincinnati and Chicago; at the latter strong. And the only point of unfavorable augury as to the money market is that domestic exports from New York for March are 22 per cent below last year, while imports increased a little.

Business failures occurring throughout the country during the week, number for the United States, 179; Canada, 42; Total, 221, against 243 last week.

Ore and Bullion.

The ore and bullion receipts at the various banks in this city for the week ending Saturday, April 7th, 1888, were \$117,836.12, as compared with \$84,501.28, for the week previous. They were reported as follows:

By McCormick & Co.:
Hanover bullion \$15,125.00
Silver and lead ore 19,660.00
Queen of the Hills ore 4,575.00
Total \$39,360.00

By Wells, Fargo & Co.:
Fine bars \$59,936.97
Ore 9,009
Total \$68,945.97

By T. R. Jones & Co.:
Germania bullion \$6,754.86
Ores 2,796.29
Total \$9,551.15

Total shipments for the week \$117,836.12

Base metal and ore output, for week ending April 7th, 1888.

15 cars bullion \$37,738
30 cars silver and lead ore 1,211,545
4 cars Crescent ore 129,800
2 cars matte 68,290
Total 1,767,271

At Mr. Bannan's Office the week was reported as being quite brisk, Bingham being the heaviest shipper—indeed, most of the ore came from that camp.

Frank Foote had several lots of ore from Tuscarora, Nevada, going 400 silver and from 2 to 3 gold. It brought about \$350 per ton.

The J. X. L. sent in one carload, going 40 lead, 9 silver, and bringing about \$20.

The New Last Chance. Several lots aggregating about 80 tons, and varying in value from \$20 to \$35 per ton, came in from this mine during the week.

The Evergreen shipped one car load of good ore.

The Yosemite had a 50-ton shipment of the usual grade, it brought about \$20 per ton.

The Markham. The Markham sent in about 100 tons, going 44 lead, 33 silver and bringing \$27.

Yosemite No. 2. A 60-ton lot going 48 per cent lead, 8 ounces silver and some gold, brought \$22.

The Lead Mine is doing some lively shipping, ore of it going to the Hanauer Smelter.

Bullion-Back. One hundred and seventy-five tons came up from this celebrated property during the week. It netted about \$40.

Horn Silver sent up the usual two lots, of the usual grade.

The Sacramento. A 20-ton lot, going 29 lead and 31 silver, brought \$22.

The Honorias. Three hundred tons—the output for the month, were on the market during the week. It brought \$40 per ton.

The San Joaquin. Had a small lot of 140 oz. ore. It brought over \$100.

The Onondaga. One carload represented this property. It assayed 52 lead, and 34 silver, and brought \$50.

Queen of the Hills. This property, which has been closed down for repairs for some days, will resume shipments again in a few days.

The Anchor. Assessment No. 5, of 20c. a share, has been levied, payable on or before May 5th.

The Minnie Moore. A car-load of ore a day has been going out from the mill for some time, and it is thought the present month will average a car and a half a day. Six feet of galena ore is shown on one level.

The Sampson. This mine is "getting a good ready" for a big run. The present horrible condition of the roads is the only reason for no shipments. A lot is now being filled.

The Apex. has been lying quiet most of the winter. Developments have, however, been carried on, and the mine is at present reported to be in fine condition. Stock, 25 bid, 30 asked.

The Daly. About a hundred men have been laid off at the Daly, because of the bad roads, making it a matter of impossibility to haul ore away from the mine. It is thought they will be re-employed within a week or ten days.

The Hanauer Smelter. Improvements are being rapidly sent ahead. The blast furnace will be ready for use about the 1st of May; the roasting furnace not for some days later, owing, it is said, to a scarcity of brick.

The Crescent. The Crescent has been working fifty odd men all winter, and regular average shipments of first-class ore have gone to market. All the openings in the mine are looking well, and a vast amount of ore is exposed, particularly in the lower workings. No work has been done in the big incline shaft for several weeks and striking will not be resumed until pumping machinery can be got in place, because there is some apprehension of trouble from water. If the weather continues to be pleasant it will not be long before the snow-bound tramway will be shoveled out, and when the heavy ore shipments begin to come down the concentrator, with largely increased facilities, will start up about May 1st, and then the working force will be doubled. A meeting of the Crescent directors will be held shortly and it is not improbable that a small dividend of at least \$30,000 will be forthcoming.—Record.

Take Notice. Great reduction in emigrant fares from Europe. For further information inquire at No. 29 E. Second South Street Salt Lake City. J. A. FETTER, Emigrant Agent.

LEGAL NOTICE.

In the Probate Court of the County of Salt Lake, Territory of Utah.

In the Matter of the Estate and Guardianship of Rosanna E. Shingleton and Heber John Shingleton, minors.

Order to show cause why Order of Sale of Real Estate should not be made.

CATHERINE MITCHELL, GUARDIAN of the estate of said minors, having filed her petition herein, duly verified, praying for an order of sale of a portion of the real estate of said minors for the purposes therein set forth, it is therefore ordered by the Judge of said Court, that all persons interested in the estate of said decedent, appear before the said Probate Court, on Wednesday the 10th day of May 1888, at 11 o'clock in the forenoon of said day, at the County Court House, in the City and County of Salt Lake, Utah Territory, to show cause why an order should not be granted to the said administratrix, to sell so much of the real estate of said decedent at private sale as shall be necessary; and that a copy of this order be published at least four successive weeks in THE SALT LAKE HERALD, a newspaper printed and published in said City and County.

Dated April 8th, 1888.

ELIAS A. SMITH, Probate Judge.

TERRITORY OF UTAH, ss.
I, John C. Cutler, Clerk of the Probate Court in and for the County of Salt Lake, in the Territory of Utah, do hereby certify that the foregoing is a full, true and correct copy of the order to show cause why order of sale of real estate should not be made in the matter of the estate of Rosanna E. Shingleton and Heber John Shingleton, minors, as appears of record in my office.

In witness whereof, I have hereunto set my hand and affixed the seal of said court, this 3d day of April, A. D. 1888.

JOHN C. CUTLER, Probate Clerk.

NOTICE TO CREDITORS.

Estate of Eliza Baddley, deceased.

NOTICE IS HEREBY GIVEN, BY THE undersigned, executor of the last will and testament of Eliza Baddley, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within the time specified in the following notice, to the said executor, at his office, No. 110, East Temple Street, Salt Lake City, in the County of Salt Lake, Utah.

Dated March 17th, 1888.

Executor of the last will and testament of Eliza Baddley, deceased.

MISCELLANEOUS.

THE CHICAGO AND NORTH-WESTERN RAILWAY.

THE BEST ROUTE AND SHORTLINE—BETWEEN—

Omaha, Council Bluffs and Chicago.

The only line to take for Des Moines, Marshalltown, Cedar Rapids, Clinton, Dixon, Chicago, Milwaukee, and all points East. To the people of Nebraska, Colorado, Wyoming, Utah, Idaho, Nevada, Oregon, Washington and California it offers superior advantages not possible by any other line.

Among a few of the numerous points of superiority enjoyed by the patrons of this road between Omaha and Chicago, are its two trains a day of DAY COACHES, which are the finest that human art and ingenuity can create; its PALACE SLEEPING CARS, which are models of comfort and elegance; its PARLOR DRAWING ROOM CARS, unsurpassed by any; and its widely celebrated PALATIAL DINING CARS, the equal of which can not be found elsewhere.

At Council Bluffs the trains of the Union Pacific Ry. connect in Union Depot with those of the Chicago & Northwestern Ry. In Chicago the trains of this line make close connection with those of all Eastern lines. For Detroit, Columbus, Indianapolis, Cincinnati, Niagara Falls, Buffalo, Pittsburgh, Toronto, Montreal, Boston, New York, Philadelphia, Baltimore, Washington, and a points in the East, ask the ticket agent for tickets via this line.

"NORTH-WESTERN"

If you wish the best accommodation. All ticket agents sell tickets via this line.
